Sports Premium Strategy statement: Highgate Primary School

1. Summary information					
School	Highgate Primary				
Academic Year	2020/21	Total Sports Premium budget	£19,550	Date of most recent Sports Premium Review	July 2020
Total number of pupils	424 + nursery			Date for next internal review of this strategy	July 2021

2. Current standards

At Highgate Primary we are strongly committed to promoting children's physical development, PE skills and enjoyment of sport. We recognise that importance of PE to health and wellbeing of our children and the impact the PE curriculum and extra-curricular activities can have on the attitudes, confidence and academic achievement of all children. This is evident in the wide range of activities that we offer within school, outside of school and involvement in competitive sport against other schools.

Year 6 Swimming:

At present 72% pupils within the year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres, with 68% able to use a range of strokes effectively. 65% can perform safe self-rescue in different water-based situations.

3. Air	3. Aims			
A.	To continue to improve levels of aerobic fitness for all children – with a focus on children participating in at least 30 minutes physical activity each day			
В.	To increase confidence, knowledge and skills of all staff in teaching PE and sport			
C.	To increase participation in competitive sport			
D.	To increase range of sports and activities offered to pupils			

4. PI	4. Planned expenditure				
	Desired outcomes	Success criteria	Chosen Action	Budgeted Cost	
A.	To improve levels of aerobic fitness	All children are active within the school day	 When guidance changes to restart morning fitness club available to all members of the school community Staff training of SMSAs and Class teachers on the delivery of PE with a focus on aerobic fitness To purchase Moki bands to monitor fitness levels throughout the day When situation allows, sports coach to run early morning fitness clubs and free afterschool clubs 	£1,500 £1,000 £2,500 £2,500	

			Sports coach to champion physical fitness around the school	£1,000
B.	To increase confidence, knowledge and skills of all staff in teaching PE and sport	 Lesson obsersation shows that teachers are confident in the delivery of PE Staff feedback shows areas where they are less confident are being met 	Provide additional sports training for teaching staff through internal CPD programme Getset4PE scheme renewed for another year	£2,500 £550
C.	To increase participation in competitive sport	 To develop a programme of internal competitive sport events so that all children experience competitive sport When the situation allows, to prepare children to participate in Haringey competitions. When the situation allows, to organise friendly competitions for children who are not involved in the Haringey ones 	Programme developed and implemented with individual results and team results celebrated throughout the school Sports coach to deliver CPD and support staff in delivery of PE	£3,500 £2,500
D.	To increase range of sports and activities offered to pupils	 Bring a greater range of sports into the school through external clubs Evidence that children reluctant to participate have been targeted 	Increase the range of sports that children experience through the school year	£500
E.	Purchase equipment in order to carry out lunchtime activities and PE lessons	A well-stocked PE cupboard and playground supplies are topped up as and when it is needed	Further lunchtime equipment purchased to support active play PE cupboard re-stocked	£1,500

5. Re	view
Α.	 Staff training completed although not as much as would have liked due to bubbles— teachers expressed increased confidence After school clubs held for Year 3-6 with Sports Premium covering costs for children who would not attend otherwise. Close to 50% of year group attending each week Moki bands purchased. Very positive reaction from children and has led to an uptick in activity in the playground. Has led to lots of positive conversations in classrooms about daily activity. Evidence from Moki bands suggest that the majority of children are meeting 30 minutes MVPA a day. Where they are not, the sports coach has been working to find ways to better engage them in the playground including improving the range of resources available and working with SMSA's to lead activities. Full implementation into the school though has been a little tricky due to bubbles and roll-out will continue into next year. Sports coach has worked with classes across the school and has had a very positive impact in inspiring children to be active in their day
В.	 Staff training held although not as much as would have liked due to bubbles. Will increase amount of staff training next year Getset4PE renewed and has again led to an increase confidence in the teaching of PE
C.	 With the return of competitive sport in the borough, we have attended over 20 competitions including wins in Year 4 girls football and second and third in Year 3/4 football, Year 5 football, Year ³/₄ and 5/6 tennis. This has been our most successful year in sport. Results championed by sports coach including on social media and in assemblies

	•	Sports coach has worked alongside class teachers and supported them in the delivery of PE leading to an increased confidence among teachers and enjoyment of PE for children.
D.	•	Bubbles have disrupted this. We though had Caporeria and Bikeability come into the school and this will be a target for next year
E.	•	PE cupboard has been reorganised and restocked.
