

The **art room** would like to share with you some of the amazing art moments from summer term 2. It has been a huge privilege to stretch children's artistic minds and be part of their lives.
Thank you to all of you for making this possible.

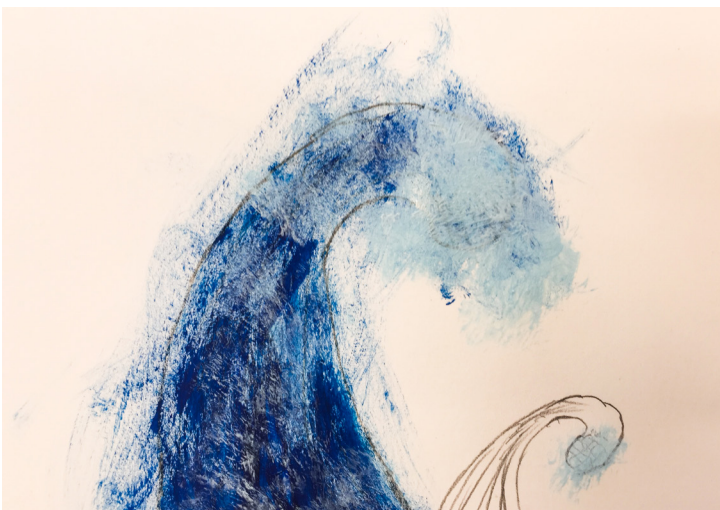

With fabulous adaptation and flexibility **Year 2** painted magical beach huts. Working in the art room, family centre and even the cookery studio, we could smell the sea and feel the breeze in every space of the school. Now, we are all ready for Summer!

The active planet was the last topic of **Year 4**. Volcanoes and tsunamis are one of the most impressive natural phenomena commonly portrayed in various forms of art, across the world and throughout history. Please have a look at their impactful representations.

What a spectacular performance and teamwork! The art room was so lucky to be part of **The Wizard of Oz**. Being backstage allows us to see all the preps, emotions, joy and excitement which is brought to the stage. They are ready to go, and we wish them all the best. I will miss you **Year 6**!

Preparing our Sketchbooks with the lino prints and monoprints, drawings and notes, we celebrate the end of the year in our favourite spot, the Peace Garden, with some summer fruit to **SKETCH** and **EAT**!

The Quilt Community Project is finally together and it was shown to the community in the Summer Fair. What a fantastic project to be immersed in! The art room became acquainted with every child and teacher throughout the school. The children told me all the secrets about the sky; that the moon is made of cheese, where to find heaven and where the angels dance...shh! Thank you so much to all the teachers for their help and flexibility, and to Elaine and Aika (HPS mums) for making it happen.

GROWN-UP WORKSHOPS

Inspiration and specialisation made the two workshops a complete success. The attendees were able to produce well-made pieces under the workshop leads. Thank you Vicky and Lea for your useful tips and professionalism!
